LOCATION OF NURSERIES

One Mile from the "Square" at Exeter, on the Hampton road,—the main highway from Manchester to the beach. Six miles from Hampton and the Lafayette Highway (running from Boston to Portland, via Newburyport and Portsmouth). 32 miles from Manchester, 14 miles from Portsmouth, and 9 miles from Amesbury.

CASH DISCOUNT

When cash in full accompanies order, a 10% discount may be taken on orders received before March 1st; and a 5% discount on orders received in March.

TERME ARE: CASH AT, OR BEFORE TIME OF SHIPMENT, OR ON DELIVERY

Prices quoted are for stock at the nurseries or delivered to our railroad station. There is no charge for packing. We are always ready and willing to correct errors on our part, but we are at no time responsible for any amount greater than the original sales price. All claims for damage in transit must be made to the transportation company. Our responsibility ceases on delivery to the carrier.

We book all orders with the understanding that same shall be void should injury befall stock from fire, error in count, or other causes beyond our control.

TIME OF PLANTING

All Stock listed in this catalog may be transplanted in the Spring. Peonies, Irises, and Evergreens may also be transplanted in August or later.

Perennials and pot-grown strawberry plants may also be moved in September or later.

Apple Trees, Small Fruits, Grape Vines, and most varieties of Shade Trees, Shrubs, and Vines may also be transplanted in October or November.

The following

CERTIFICATE OF INSPECTION

Will accompany all shipments made from our Nurseries.

STATE OF NEW HAMPSHIRE

Department of Agriculture.

Division of Nursery Inspection.

This certifies that inspection of the nursery of James A. Tufts, Jr., at Exeter, N. H., was completed.....

The attached stock was included within the above inspection and is apparently free from dangerous insects or diseases.

(Signed) W. C. O'KANE, . . .

State Nursery Inspector.

SUNDAYS

We do not make a practice of filling orders on Sunday.

As an accommodation however, we are glad to get up orders on Saturday which may, by arrangement, be called for on Sunday. Our hours of business are: Week days, 7 A. M. to 5 P. M., standard time.

THE PROPRIETOR'S PAGE

A Few Reasons Why You Should Order Your Nursery Stock from This Catalog

We offer good, clean, hardy and healthy stock of the best varieties for New England.

We list each variety with truthful descriptions.

We acknowledge your order as soon as it is received and we notify you when we are shipping it.

Direct selling on our part and direct buying on yours eliminate the commissions paid to agents and give you the benefits of this saving.

Our nurseries are located right here in New England within a comparatively few miles of you, and we can get stock to you in good fresh condition—making it unnecessary for you to send away off to some other part of the country for trees, plants and bulbs.

We are in business to stay, and in order to stay in business, selling year after year to many old customers, as well as new, we realize that we must give satisfactory service. We want you to be one of our satisfied customers. We aim to more than please and we want you to send us your order for nursery stock not only this year, but next year, and in the years to come.

Your success is our success and we so grow, prepare, and pack our stock for shipment that you will have the best possible chance for success when you plant it.

Last year we showed a picture of James Arthur Tufts, 3rd, on this page, bringing in a bunch of "Glads." Here we introduce his brother Ralph, born July 25, 1924.

FRUIT TREES

The fruit trees we offer are excellent young stock. When received, they should be planted at once in well prepared soil, the roots being carefully spread and the soil tramped firmly about them as the holes are being filled and the trees planted. Last season's growth should be well cut back.

APPLES

CORTLAND—A NEW VARIETY

"Cortland is an apple of the McIntosh type. The fruits are larger, brighter color, of the same flavor and ripen later and keep longer. The new variety has all of the splendid tree characteristics of McIntosh, and is almost certain to succeed where the older variety grows well. Cortland is the most promising new apple for New England." U. P. Hedrick (N. Y. Exp. Sta.) in American Fruit Grower Magazine.

Hangs to the tree better and will stand handling with less injury than will McIntosh.

We had apples of this variety for exhibition and sampling at the 1926 New Hampshire Fruit Show, where they attracted very favorable comment.

2-Yr. Certified Trees, 75c; \$7.00 for 10.

GENERAL LIST

Extra Size, Especially Selected 75c each, \$7.00 for 10.

2-3 Yr. Trees, 5-7 ft., 50c each, \$45.00 per 100.

CERTIFIED APPLE TREES

2-3 Yr. Trees, 5-7 ft., 60c each, \$5.50 for 10, \$50 per 100.

The following varieties certified True-To-Name, for us by the Massachusetts Fruit Growers' Association.

SUMMER APPLES

Yellow Transparent. Productive young bearer. July.

Early Harvest. Large, yellow. Cooking and eating.

Red Astrachan. Large, juicy, and good. August.

Sweet Bough. (August Sweet). Very sweet. Large.

William's Favorite. Red. Good for market or home. Aug.

Duchess of Oldenburg. Striped red. Prolific. Very good.

Sept. Especially hardy. Good for market or home.

FALL OR AUTUMN APPLES

Gravenstein. Yellow striped red. Juicy. One of the best for cooking or eating. Sept.-Oct.

Wealthy. Dark red. Productive. Good seller. Oct.-Nov.

Cortland. See above.

McIntosh Red. Fine quality. Hardy. Productive. Oct.-Jan.

Snow (Fameuse). Red with very white flesh. Hardy.

Very good. Oct.-Jan.

Hubbardston. Red. Popular old variety. Nov.-Feb.

Pound Sweet. Yellow. A favorite for baking. Nov.-Feb.

WINTER APPLES

Opalescent. Red. Very showy and attractive. Oct.-Jan.

Winter Banana. Yellow and red. To eat or bake. Nov.-Feb.

Baldwin. Red. Still leads in New England. Nov.-Apr.

Rhode Island Greening. Cooking or dessert. Nov.-Mar.

Northern Spy. Striped red. Juicy and good. Nov.-Mar.

Wagener. Red. Cooking and eating. Dec.-Mar.

Tolman Sweet. Best for winter baking. Dec.-Mar.
Delicious. Red. Very good for eating. Dec.-Apr.
Roxbury Russet. Late keeper. Productive. Jan.-June.

CRAB APPLES

These varieties are very hardy. The fruit is excellent for jelly and finds ready sale on the market. The trees are very ornamental. (Prices same as other apples).
Transcendent. Yellow and red. Young bearer. Sept.
Hyslop. Large. Good keeper. Deep red. Sept.-Oct.

DWARF APPLE TREES

3-4 ft. \$1.00 each

For shipment by Parcel Post, add 10c per tree.

Delicious **No. Spy** **Baldwin** **McIntosh Red**

APPLE BARRELS

We Sell Apple Barrels in carload lots or less. When you can tell about how many you will need for your crop, let us know and we will quote you.

QUINCES

4-5 ft. \$1.00 each

Champion. Delicious flavor for preserves. Young bearer.
Orange. Bright yellow. Vigorous and productive.

CHERRIES

The first three varieties are very hardy, productive, and profitable, and very popular for canning. Sweet cherries should be planted on soils and locations suitable for peaches and will there prove very profitable.

Sour

2-Yr. Trees, 5-7 ft., \$1.00 each; \$7.50 for 10.

Early Richmond. Bright red. Slightly acid. Hardy.

Montmorency. Dark red. Large. Slightly acid. Very hardy.

English Morello. Blackish red. Slightly acid. Very hardy and productive.

Sweet

2-Yr. Trees, 5-7 ft., \$1.00 each, \$9.00 for 10.

Black Tartarian. Sweet, large, and luscious.

Napoleon Bigarreau. Sweet. Yellow and pink. Large.

Governor Wood. Sweet, yellow and red. Large. Juicy.

Windsor. Liver color. Fine quality. Hardy.

PEARS

2-Yr. Trees, 5-7 ft. \$1.00 each, \$7.50 for 10 except as noted). 5 or more of one variety at 10 rate.

Clapp's Favorite. Best early pear. August.

Bartlett. Very popular. September.

Beurre Bosc. A fall variety. Very profitable for market.

Melting and pleasant. \$1.00 each, \$9.00 for 10.

Seckel. Fall. Rich and highly flavored. Small.

Duchess (d'Angouleme.) Large, greenish yellow. Oct.

Sheldon. Large, round, russet. Rich and spicy. Nov.

Beurre d'Anjou. Large, high quality. Dec.

DWARF PEAR TREES

Dwarf pear trees are often the best for the small homestead or garden and for such we recommend them. They bear good crops in two or three years from setting

out and the fruit is exceptionally fine in quality and size.

Fine 2-yr. trees, 3-5 ft. 85c each

Clapp's Favorite Seckel Bartlett Duchess
Beurre d'Anjou

For shipment by Parcel Post, add 10c per tree.

See above list for description of varieties.

PLUMS

Almost no fruit excels plums for canning. They sell readily, both fresh and preserved.

The poultry men who want to provide shade in their hen-runs will find no better way than by planting a few plum trees and in this way can double-crop the land. The expense is small and the returns are good.

2 yr. trees, 5-6 ft., \$1.00 each; \$7.50 for 10.

Red June. Medium size, cherry red, earliest.

Abundance. Cherry red, sweet, rich. Eating or canning.

Burbank. Cherry red. Enormously productive.

Lombard. Purple, medium size, good quality.

October Purple. Large, good grower, good quality.

PEACHES

Peach trees should be planted on the lighter soils and on locations as free as possible from the late spring and early fall frosts. In planting, we recommend that all branches be removed and that the main stem be cut back to a height of two or three feet. The varieties offered are all Freestone and have been carefully selected as the best for New England. They are arranged in the order of their ripening.

4-6 ft. trees, 40c each, \$3.50 for 10, \$27.00 per 100.

For shipment by Parcel Post, add 5c per tree.

Greensboro. Yellow-white overlaid with red. Hardy in wood and bud.

Champion. White with red cheek. Large. Delicious.

Rochester. A new variety highly praised by some authorities. Earliest yellow. Large and pretty.

Carmen. Creamy white with red blush. Great for home use or market.

Early Crawford. Very popular. Yellow. Good quality.

Belle of Georgia. White overlaid with red. Productive.

J. H. Hale. Very large. Deep yellow.

Elberta. Large golden yellow. Juicy, rich. Good quality. Probably the most popular peach in New England. Special quotations in quantities.

We sell Peach Baskets. When you are ready to buy, write us for prices.

RASPBERRIES

New Variety: Latham

Hardy—Productive—Good Quality

12 plants for \$1, 25 for \$1.75, 50 for \$3, \$5 per 100

5c per dozen additional if by mail

A Red Raspberry originated by the Minnesota Exp. Sta. (Minn. No. 4). "Outyielded the Cuthbert considerably. It would seem that the variety is more resistant to disease than most sorts. And it would appear that Latham is worthy of trying in a commercial way in New England." (Conn. Agri. Exp. Sta.)

"It grows remarkably well in New England and produces large crimson fruit which is firm and of excellent quality. The berries do not cling to the stems nor yet drop easily. The bush is perfectly hardy, tall and a robust grower. In the colder states at least this is bound to be a very popular berry." (N. E. Homestead).

We have found Latham a vigorous, tall-growing, nearly thornless, upright plant. The berries are large and rich red. They ripen over a long season and it is a pleasure to pick them.

FOLLOWING VARIETIES

75c per doz., \$1.25 for 25, \$3.50 for 100, \$30.00 per 1,000.

5c per doz. additional, if by mail.

St. Regis Everbearing. In a class by itself. Bright red, fine quality. Very early. With good cultivation, produces ripe fruit from June to October.

Cuthbert. The great commercial red raspberry. Good quality. Good cropper. Vigorous grower.

Herbert. Next to Latham in hardiness. Large red, good quality.

Plum-Farmer. The best black-cap. Early. Good for canning or preserving.

COLUMBIAN

\$1.50 per doz., \$2.50 for 25, \$8.00 for 100, 5c per doz. additional if by mail

Columbian. Purple. A very good cropper and one of the best for preserving. This variety does not spread and so can be kept under control very easily. We have found that for best results tip-plants are not satisfactory so those which we are offering are one-year transplants.

Raspberries are easy to raise, and they sell readily. Set the plants 3 ft. apart in the row, and rows 5 ft. apart. Use chemical fertilizer, with possibly wood ashes, and keep well cultivated.

BLACKBERRIES

75c per doz., \$1.25 for 25, \$3.50 for 100, \$30.00 per 1,000.

5c per doz. additional if by mail.

Snyder. Very hardy, productive variety. The best.

Eldorado. Excellent quality, productive. Fairly hardy.

The market is seldom sufficiently supplied with blackberries.

Set plants same as raspberries, except that it is desirable to make the rows a little farther apart.

GRAPE VINES

Plant on light loamy to sandy soils and in sunny locations. Train on trellis or southern side of fence, barn, or house. Profitable and easy to raise.

2 yr. vines, 30c each, \$1.25 for 5, except as noted.

On orders for 5 or more grape vines, we pay the postage except on C. O. D. shipments. For less than 5 vines, add 5c per vine for postage.

BLUE GRAPES

Moore's Early. One of the very best for New England.

Worden. Similar to Concord but larger, earlier, better.

(Continued on next page)

Ccncord. Still a desirable variety and a great favorite.
Campbell's Early. Large and handsome.

RED GRAPES

Brighton. Bunch and berry large. Quality fine.
Delaware. Small, fine flavor, popular.

WHITE GRAPES

Niagara. Bunch and berry large. Fine flavor.

DISTANCES OF PLANTING

Apples, 30-40 feet.	Sweet Cherries, 20-25 feet.
Peaches, 16-20 feet.	Sour Cherries, 15-18 feet.
Pears, 20-25 feet.	Blackberries, 4x7 to 6x8 feet.
Plums, 16-20 feet.	Red Raspberries, 3x5 feet.
Quinces, 10-12 feet.	Black Raspberries, 3x6 feet.
Grape Vines, 8-12 feet.	Strawberries (garden), 1-3 feet.
Asparagus, 1½x3 feet.	Strawberries, (field), 1-4 feet.
Rhubarb, 1½ feet.	

STRAWBERRY PLANTS

Prices quoted here are for spring of 1927 only.

For Fall Planting, we offer

Pot-Grown Howard 17

At \$1.35 per 25 by Parcel Post. \$4.00 per 100 by Express col.

EVERBEARING VARIETIES

These are very desirable for the home garden or for the man or woman who has a good local market like a summer hotel. Their novelty has worn off, they have proved themselves worthy, and have come to stay.

65c for 25 plants, \$1.00 for 50, \$1.50 for 100.

\$6.00 for 500, \$12 for 1,000.

We Pay the Postage on lots of 500 or less except on C. O. D. shipments.

Progressive. Dark, glossy red. Is the earliest spring berry and a good fruiter all season long. Cultivate and fertilize it well and it will pay for itself many times over.

Superb. Large, dark red. A good variety to grow in hills.

Mulch well, and keep cultivated, and it will produce an abundance of big berries in the spring and a good succession of them until freezing weather.

Peerless. Resembles Superb but is more productive and berries are larger. Is more vigorous and is claimed by introducer to be better.

Champion. A new variety, much like Progressive, but claimed to be better and more productive.

(Continued on next page)

STANDARD VARIETIES

All perfect flowering, except Sample.

50c for 25 plants, 75c for 50, \$1.25 for 100, \$5.00 for 500,
\$9.00 for 1,000

We pay the postage on lots of 500 or less except on
C. O. D. shipments

Howard 17. For a good all-around variety for home or market, this has no superior. Among its many good qualities are the following: Earliness, good size, color, shape, shipping qualities, drought resistance, productiveness, disease resistance, supply of pollen and length of fruiting season.

Senator Dunlap. Early to mid-season. A well-established old variety which gives an abundance of satisfaction.

Abington. Mid-season. Being deep-rooted, withstands drought. Large, bright red berries that ripen all over at once. Good for home or market.

First Quality. Mid-season. Very attractive berry, long and pointed. Sells very readily and is all that its name implies.

Marshall. Mid-season to late. An old variety that is still popular for home gardens on account of its size, quality, and general appearance. Very fancy.

Sample. Late. Bright red and attractive. A very desirable variety, but must be planted with other varieties for pollenizing. (We recommend Abington).

Heritage. Late. Produces a big crop of extra large, good quality berries. Does not run too much and is a good variety to prolong the season.

STRAWBERRIES

Every garden and farm should raise a good supply for use fresh and for canning. They make a very wonderful sauce or preserve. Incidentally, they are a profitable crop to raise for market. In planting, choose well-prepared ground, free from witch grass, and set the plants with the crown or bud just at the surface of the ground. Set the plants 1 ft. apart, with the rows at least 3 ft. apart.

Our plants are what we call "Good-as-Grow" Brand. Order early and set as early as possible. Please specify if we may substitute, if sold out of any variety ordered.

RHUBARB ROOTS, "PIE PLANT"

20c each, \$1.50 for 10. By mail, 25c each, \$1.75 for 10.

Linneaus. The standard large, early variety for home or market.

Rhubarb is a good spring tonic. It is easy to raise, and any surplus may be canned for winter use as sauce or for pies.

WE WANT YOU TO BE ONE OF OUR
SATISFIED CUSTOMERS

WE AIM TO MORE THAN PLEASE

TREES AND PLANTS FOR THE NEW ENGLAND
ORCHARD AND GARDEN

ASPARAGUS ROOTS

Asparagus is indispensable for the home garden and is a very fine early spring vegetable to grow for market. Light sandy loams well manured are best. Commercial growers count on \$200 to \$300 per acre. Easier to grow and a surer crop than corn or potatoes. Make rows 3 to 4 ft. apart and set crowns 18 in. apart, center to center. Spread the roots out, planting in a trench 8 in. deep, but covering with only 2 in. of soil at planting, filling in the rest as the shoots come up. Generally speaking, it is better to plant 1-yr. roots.

We offer the "one best" variety—Washington, developed by the Bureau of Plant Industry, U. S. Dept. of Agri. The varieties which we formerly offered were good in many ways, but were subject to the attack of asparagus rust. In this variety, we have one which is disease resistant, and which combines the desirable qualities of the other varieties. The stalks are large, dark green, firm and very handsome. An asparagus bed should last 20 years. Hence it is worth while to plant the best variety of all, namely Washington. We raise our own roots and discard all weak and inferior plants.

1-yr. roots: 50c for 25, 75c for 50, \$1.50 for 100, \$6.00 for 500, \$12.00 for 1,000.

By mail: 55c for 25 roots, 85c for 50, \$1.60 for 100, \$6.50 for 500.

2-yr. roots: 75c for 25, \$1.00 for 50, \$2.00 for 100, \$7.50 for 500, \$15.00 for 1,000

By mail: 80c for 25, \$1.10 for 50, \$2.10 for 100, \$8.00 for 500.

Mary Washington. 1-yr. roots at the prices of 2-yr. Washington.

ORNAMENTAL SHADE TREES

Why not order a tree, or several trees, for Arbor Day? We will ship in time for planting.

Birch, European White. Similar to native white. 6-8 ft. \$3.00.

Birch, Cut-Leaf Weeping. Beautiful lawn tree. 6-8 ft. \$4.00.

Catalpa. Rapid grower with white flowers and long seed pods. \$1.25.

Crab, Betchel's Double Flowering. Fragrant flowers on long drooping stems. 3-4 ft. \$1.50.

Elm, American. The famous New England street tree. 6-8 ft. \$2.00, 8-10 ft. \$3.00.

Horse Chestnut. Known by everybody. White flowers. 6-8 ft. \$3.00.

Maple, Cut-Leaf Weeping. (Weir's). Long hanging branches. Rapid grower. \$2.00.
Maple, Norway. Rapid growing street tree. \$1.50.
Maple, Schwedler. Crimson foliage changing to purple. \$2.00.
Maple, Silver. Large, spreading, rapid grower. \$2.00.
Maple, Sugar or Rock. The popular street tree. 6-8 ft. \$2.00. 8-10 ft. \$2.50. (Special price in quantity).
Mountain Ash. Ornamental scarlet fruit in fall. \$2.00.
Poplar, Carolina. Quick grower, with maple-shape top. 6-8 ft. 50c. 8-10 ft. 75c. (12 trees for 10 times the price of one).
Poplar, Lombardy. Tall, slender, rapid grower. 6-8 ft. 75c. 8-10 ft. \$1.00. (12 trees for 10 times the price of one).

ARBOR DAY

This was originally celebrated in Nebraska in 1872. Now it is observed in practically every state in the Union. The dates for those in New England are as follows: Maine, New Hampshire, and Connecticut by proclamation of the Governor (Conn. in May); Vermont, May 4; Massachusetts, April 28; Rhode Island, May 11.

EVERY DAY IS ARBOR DAY WITH US

EVERGREEN TREES

An evergreen tree is a thing of beauty the year 'round. It is ornamental in summer and especially attractive in winter when all other trees are bare. Evergreens may be transplanted in the spring or in the late summer and early fall.

On request we will make quotations for quantities.

American Arborvitae. A shapely lawn tree, unequalled for hedges, shelter breaks, or screens. 1 ft. \$1.00, 2 ft. \$1.50, 3 ft. \$2.00, 4 ft. \$3.00.

Pyramidal Arborvitae. A variety of the preceding, only narrower and more pointed. Handsome formal shape. 2 ft. \$2.00, 3 ft. \$3.00, 4 ft. \$4.00.

Globe Arborvitae. Small, round decorative trees. 1 ft. diameter \$1.50, 18 in. diameter \$2.50.

Hemlock. Especially beautiful when laden with snow. Used as lawn tree or in hedges. Grow in sunlight or shade. 1 ft. \$1.50, 2 ft. \$2.50, 3 ft. \$4.00.

Juniper, sabina. Savin Juniper. Semi-dwarf, vase-shaped. Dark green foliage. 12 in. \$1.75, 15 in. \$2.50, 18 in. \$3.00.

Juniper, Pfitzer's. Horizontally spreading, feathery, gray-green. Dwarfish. 12 in. \$1.75, 15 in. \$2.50, 18 in. \$3.25.

Spruce, Colorado Blue. 12 in. \$3.00, 18 in. \$4.00.

Spruce, Norway. A rapid and tall growing tree which is useful as single trees, in clumps, in hedges, or wind-breaks. 2 ft. \$1.00, 3 ft. \$2.00, 4 ft. \$3.00.

EVERGREENS

In addition to the foregoing, we can furnish other sizes, smaller and larger, and other varieties, and we shall be pleased to furnish further information upon request.

Think of These When You Think of Trees

HARDY ORNAMENTAL SHRUBS

A Word to Home Owners: Please remember that it isn't "Home" 'til it's planted. No matter how finished the interior is, it can't look complete until the grounds are attractively planted. If you are not familiar with shrubs and their particular uses, and are desirous of decorating your grounds, send us a sketch with measurements, and we shall be glad to make suggestions as to what to plant. All we ask is that you send us your diagram early.

Small orders for shrubs can be sent by Parcel Post. Remit 5c additional for each shrub to cover special packing and postage.

Special quotations on quantities.

Almond, Flowering. Old-fashioned shrub, covered in the spring with small, double, rose-like flowers. White and red, 2-3 ft., \$1.00.

Althea, Rose of Sharon. One of the few late-blooming shrubs, flowering in August and September. Erect and tree-like. Double pink, white, and purple. 75c.

Aralia. Suitable for dry, sandy spots. Has glossy, deep green leaves. 50c.

Barberry, Japanese. The best shrub for New England hedges. Absolutely hardy, and pretty at all seasons. 3-yr., 12-18 in. 25c each, \$2.00 for 10, \$15.00 for 100. 3-yr., 18-24 in. 30c each, \$2.50 for 10, \$20.00 for 100.

Bridal Wreath. See Spirea.

Burning Bush. See Euonymous.

Butterfly Bush, or Summer Lilac. A free-growing shrub with fragrant, lilac-like flowers all summer. 50c.

Cinquefoil, Shrubby. Grows 3 ft. high. Single yellow flowers all summer. 40c.

Coral Berry. A graceful small shrub suitable for dry spots. Small pink flowers followed by clusters of coral red berries. 40c.

Daphne or Garland Flower. A low-growing trailing evergreen shrub with clusters of fragrant pink flowers in early spring. Small plants. \$1.50.

Deutzia, Pride of Rochester. Pink and white flowers in early spring, on upright spikes. 50c.

Deutzia, Dwarf. (Gracilis). A very useful low-growing shrub with clusters of sweet, white flowers in May and June. 50c.

Deutzia, Lemoine's. Very pretty shrub, growing 3-4 ft. tall, and covered with white blossoms in June. 60c.

Dogwood, Red-Barked. Beautiful bright red bark which is especially ornamental in winter. 40c.

Dogwood, Golden-Barked. Pretty planted with the red. 40c.

Elder, Golden. Large, bright yellow foliage. Showy clusters of white flowers. Good for planting with other shrubs. 50c.

Euonymous or Burning Bush. So-called on account of its autumn color. Corky bark. Ornamental scarlet berries. Grows well in shady or dry spots and makes very pretty shrub. 75c.

Euonymous or Evergreen Bittersweet. A very good ground cover in sunlight or shade. See vines 50c. Extra size 75c.

- Forsythia, Golden Bell.** The shrub with beautiful yellow blossoms which appear in April, before the leaves come out. 50c. Weeping variety 50c.
- High Bush Cranberry.** Flat heads of white flowers in May-June, followed in July by scarlet berries. 50c.
- Honeysuckle.** Tall-growing attractive shrubs with flowers in the spring followed by berries in the fall. 50c.
- Hugonis Rose.** A beautiful shrub-like rose which is covered with fragrant yellow flowers in May. Has good foliage and is attractive as a lawn specimen. \$1.00.
- Hydrangea, Everblooming, or Hills of Snow.** Begins to produce white heads of flowers in June and continues until fall. 18-24 in. 50c, 2-3 ft. 60c.
- Hydrangea P. G.** One of the showiest and most popular shrubs. Cone-shaped clusters of white flowers which later turn pink. Very ornamental as single plants, in beds, or in rows. 18-24 in. 50c, 2-3 ft. 60c.
- Hydrangea P. G. Tree Form.** Trained to a single stem or stalk, branching out at the height of about 3-4 ft. \$1.25. 4-5 ft. \$1.50.
- Japan Quince.** Scarlet flowers in May. 75c.
- Kerria, Single. Globe Flower.** Bright green branches with yellow flowers. 75c.
- Kerria, White.** Syringa-like flowers in May. 75c.
- Lilac, Purple and White.** One of the especially fine New England shrubs. Used as single specimens, in groups, or in hedges. 50c.
- Pacysandra, or Japanese Spurge.** A low-growing and spreading evergreen 6-10 in. high, very useful as a ground cover in shady spots in place of grass, or in sunlight. 25c, \$2.00 for 10.
- Plum.** Purple leaf, pretty, small, trees, \$1.00.
- Privet. Amoor River.** Grows up-right like the California, but is hardy. 12-18 in. 15c, \$12.00 per 100.
- Privet, Chinese (Ibota).** A very hardy type, better adapted to northern New England than the California variety which it resembles. Makes an excellent hedge, 18-24 in. 20c each. \$1.75 for 10, \$15.00 for 100, 2-3 ft. 25c each, \$2.25 for 10, \$20.00 for 100.
- Privet, Ibolium.** A cross between Ibota and California. Has the hardiness of the former and the appearance of the latter. 2-3 ft. 30c, \$25.00 per 100.
- Smoke Bush.** Much admired for its curious hair-like flowers which cover the whole plant and give the appearance of smoke in late summer. \$1.00.
- Snowball, Japanese.** A beautiful strong-growing shrub, with clusters of white flowers in June. 75c.
- Snowberry.** Small pink flowers in summer, followed by waxy marble-like berries in fall. 40c.
- Spirea, Anthony Waterer.** The brightest color of all spireas. Pink flowers from June to fall. Low-growing. 50c.
- Spirea, Bridal Wreath (Van Houtteii).** Surpasses all other spireas in beauty and grace. Fine foliage and slender arching branches covered with pure white flowers in May. Fine as a single specimen or planted in clumps,

(Continued on next page)

and makes a beautiful hedge. 2-3 ft. 40c. Extra large 65c.

Spirea, Thumbergi. Has flowers in long, close clusters in April and May and retains its fine delicate foliage until late fall changing to a beautiful color. 50c.

Sumac. Very ornamental shrubs suitable for massing in corners or the like. Red foliage and fruit. 50c.

Syringa, Golden. A compact-growing shrub with beautiful yellow foliage in the spring. Makes a pleasant contrast with other shrubs. 75c.

Syringa, Avalanche. Graceful arching shrub with snowy white flowers. 75c.

Syringa, Lemoine's. Slender, arching branches, covered in May with small, double white flowers. 50c.

Syringa, Virginalis. Very large, semi-double fragrant flowers. 75c.

Syringa, White or Mock Orange. Creamy white, orange-scented flowers in May and June. 50c.

Weigelia Rosea. For several weeks in early summer covered with pink trumpet-like flowers. 50c.

HARDY ORNAMENTAL VINES

Ornamental vines are rightly very popular and one of their chief uses is the beautifying and screening of the porch. For this purpose the Clematis, Woodbine, Dutchman's Pipe, and Wistaria are among the most satisfactory. Climbing roses also find a place here. Other uses of climbing vines are the covering of piles of rocks, stone walls, fences, dead standing trees, and the stone or brick-work of buildings.

Vines can be sent by Parcel Post. Add 5c each.

Bittersweet or Roxbury Waxwork. Good for covering trellis-work, trees, walls, etc. Orange flowers and showy crimson fruit. 50c.

Clematis Paniculata or Virgin's Bower. One of the best porch vines; rapid grower, quickly covering trellises with its handsome bright green foliage and profusion of star-shaped, white, sweet-scented blossoms. 50c.

Clematis Jackmanii. The best purple clematis. Rapid climber and very pretty July to Sept. \$1.00.

Dutchman's Pipe. Rampant grower. Large leaves and curious pipe-shaped flowers. Does well in sun or shade. Give it rich, moist soil for best results. \$1.00.

Euonymus Radicans Vegetus, or Evergreen Bittersweet. A spreading shrubby vine, useful on low trellises, rocks, walls, or the like and a very good ground cover, growing well in sunlight or shade. 50c. Variegated form same price.

Honeysuckle, Hall's Japan. A strong grower with white-yellow flowers in August. Suitable for covering trellises, banks, and the like. 50c.

Honeysuckle, Scarlet Trumpet. Covered with scarlet trumpet-shaped flowers from June to Sept. 50c.

Ivy, Boston. A popular vine for public buildings or brick or stone. 50c, 5 for \$2.00, 10 for \$3.75.

Ivy, Engleman's, or Clinging Woodbine. Finely divided leaves and strong tendril discs enabling it to cling to

any surface, like Boston Ivy. A good wall covering that should be used extensively. Hardy. 50c.

Trumpet Vine. A good climber with clusters of trumpet-shaped flowers, 40c.

Wistaria, Blue. Rapid growing woody climber with drooping clusters that should be used extensively. 75c.

Wistaria, White. A rare variety of the above; similar in every way except the flowers are pure white. 75c.

Woodbine or Virginia Creeper. Sometimes called American Ivy. Well known rapid growing climber. Foliage large, deep green, taking on vivid color in the fall. 35c. \$3.00 for 10.

HARDY GARDEN ROSES

The Rose is Queen of Flowers and no garden is complete without its rose collection. Roses will grow in any good soil, but for the finest blossoms it should be deeply spaded and well enriched with manure. The Hybrid Perpetuals are the best of the garden roses for New England, and while they are hardy, they will well repay slight protection with a few evergreen boughs thrown over them in winter. All bush roses should be well pruned back each spring so as to encourage strong new flowering shoots from near the base of the plant.

Choice 2 yr. Bushes, 75c each, 5 or more 60c each.

Roses can be sent by Parcel Post. All 5c per bush.

American Beauty. Fragrant, very deep pink, with long stems, and good foliage.

Anna de Diesbach or Glory of Paris. Brilliant Carmine. Very full and sweet.

Frau Karl Druschki or White American Beauty. The very best white. A great bloomer, fine for cutting and will grow anywhere.

General Jacqueminot. Bright crimson. Known as the Jack Rose. Rich, velvety, a truly wonderful variety.

Gruss an Teplitz. A fragrant, scarlet, free-growing rose, which is in bloom nearly all summer.

Lady Hillingdon. Deep apricot yellow. Free-flowering and a good grower.

Magna Charta. Bright rosy red. Bears large, sweet flowers on long stiff stems.

Mrs. John Laing. Soft pink. One of the very best hardy roses that was ever grown. A great bloomer.

Paul Neyron. Clear pink, fragrant.

Persian Yellow. Full, golden yellow flowers. Very pretty.

Ulrich Brunner. Very fragrant, rich cherry red. Almost as large as Paul Neyron.

NEW YELLOW ROSE

Hugonis. The best single flowered rose and one of the best shrubs for general garden use. Fragrant yellow flowers 2½ in. across, forming continuous bands of color on long gracefully arching canes. Blooms very early and is perfectly hardy. 2 yr. plants, \$1.00.

HARDY RUGOSA ROSES

Absolutely hardy, single roses from Japan, with dark green, shiny wrinkled leaves, and crimson fruits or "Rose Hips" in the fall and winter. These roses are much used

in clumps or hedges and are very effective.

Two colors, Pure White and Crimson. 2 yr. bushes, 50c each. Add 5c per bush, if to be shipped Parcel Post. **F. J. Grotendorst.** A new hybrid with real Rugosa foliage, and trusses of crimson blossoms all summer. 75c each. 80c by mail.

HARDY CLIMBING OR RAMBLER ROSES

These are very beautiful when planted at various places about houses, garages, and other buildings. Given a suitable trellis or wire on which to climb, they will furnish color and fragrance for many seasons.

2 yr. plants, 50c each, \$4.50 for any 10 (except as noted). Add 5c per bush if to be shipped by Parcel Post.

Excelsa. The very best double red Rambler. A decided improvement on Crimson Rambler, bearing fully as many flowers and retaining its foliage in a much healthier condition. Produces an abundance of large, double flowers.

Dorothy Perkins. Beautiful, large clusters of clear, shell-pink flowers. Thrifty and rapid grower, suitable, like Excelsa, for growing on trellises, pillars, posts, walls, or the like.

White Dorothy Perkins. The best white climber. Similar in all respects to the Pink Dorothy Perkins except in color. Equally desirable in every way.

Crimson Rambler. We offer this variety only for the convenience of some of its old friends. It makes a good display for a short time, but the foliage soon becomes unsightly and begins dropping very early. The Excelsa variety is very much more desirable.

Climbing American Beauty. An unusually hardy variety, suited for northern exposures in any locality. Beautiful rosy crimson flowers on separate stems, suitable for cutting. Has very good foliage and is a very satisfactory variety. 75c, 80c by mail.

Paul's Scarlet Climber. The most vivid of all the climbers. This is a new variety and it is fast becoming the most popular on account of its wonderfully brilliant color. Has good, healthy foliage, is a vigorous grower, and produces an abundance of scarlet flower clusters. You will make no mistake if you plant this variety. 75c, 80c by mail.

Dr. Van Fleet. By vote of the members of the American Rose Society, acclaimed the Best Climbing Rose. Beautiful big clusters of pink flowers. Vigorous grower. Glossy, healthy, dark green foliage. 75c.

Echo. Cherry crimson. Baby Rambler. Low-growing.

CHOICE PEONIES

No flowers exceed the Peonies in popularity and none are more easily grown. They are perfectly hardy, thrive in all kinds of soil, and are seldom attacked by insects or disease. For best results, set the plants in a rich, garden soil, covering the eyes about three inches deep.

The first cost is the only cost, and plants continue to increase in size and value for many years. August and September are the best months for transplanting, but

plants may also be moved with good results in the spring, if moved early.

For Parcel Post add 5c for each root, 4c each when six or more are ordered.

Twelve plants of one variety will be furnished for 10 times the price of one. Six plants of one variety for five times the price of one. The following varieties are all good, and rank well in the ratings of the American Peony Society.

WHITE VARIETIES

Early

Duchesse de Neymours. Cup-shaped, sulphur white. 75c.

Mid-Season

Festiva Maxima. Large ivory white, red splash. 50c.

Solfatere. Wide-petaled, handsome variety. 75c.

Albatre. Ivory white, and very pretty. \$1.00.

Madame Crousse. Beautiful, large white flower. \$1.00.

Mlle. Rousseau. Large, full, finely shaped flowers. \$1.50.

Late Mid-Season

Duc de Wellington. Vigorous, tall. Pyramidal flowers. 50c.

Avalanche. Ivory white, convex flowers, red fleck. \$1.00.

Baroness Schröder. One of the best. Large white flowers with baby-pink flowers. Strong grower, profuse bloomer. \$1.50.

Solange. Large, waxy white, reddish golden tint. \$6.00.

Late

Couronne d'Or. Large pure white, golden stamens. 75c.

Marie Lemoine. Large ivory white, carmine edge. \$1.00.

Mireille. Largest clear white peony. \$1.00.

Madame Fould. Large flowers, lilac-white center. \$1.00.

Tourangelle. Fragrant, creamy white with salmon. \$7.

RED VARIETIES

Early

Officinalis Rubra. The old-fashioned early red. 75c.

(Continued on next page)

Early Mid-Season

Agnes M. Kelway. Violet rose. Tall and vigorous. 50c.

Mid-Season

Comte de Diesbach. Large and good bloomer. 50c.

Delachei. Violet crimson. 50c.

Mons. Baral. Lilac rose. 50c.

Nigricans. Very dark crimson. 50c.

Late Mid-Season

Felix Crousse. Large, deep, ruby red. Best red. 75c.

PINK VARIETIES

Early

Early Pink. The earliest. Good bloomer. 50c, 3 for \$1.

Edulis Superba. Fragrant, rose-pink. 50c.

Madame Calot. Hydrangæa pink. Great bloomer. \$1.00.

Mid-Season

Golden Harvest. Outer petals deep rose-pink, center lighter. 50c.

Comte de Nanteuil. Outer petals violet rose, center salmon pink. 50c.

Madame Geissler. Very large, well-formed, showy. 75c.

La Tulipe. Light, flesh pink, large and globular. 75c.

Eugenie Verdier. Flesh center, lighter outer petals. \$1.00.

Gloire de Chas. Gombault. Mauve pink with creamy white collar. \$1.00.

Venus. Delicate shell pink, flesh color. Very fine. \$1.50.

Late Mid-Season

Madame Emile Galle. Very beautiful, shell pink. \$1.00.

Madame Boulanger. Rose, shading to silvery flesh. Very large and fine. \$2.00.

Late

Madame Lebon. Cherry pink. Large, full blooms. 50c.

Madame Leonie Calot. Salmon pink, shading to flesh. Great bloomer. \$1.00.

Albert Crousse. Large, shell pink, vigorous. \$1.50.

WITH EVERY ORDER FOR FIVE PLANTS OF DIFFERENT VARIETIES ONE OF THE "EARLY PINK" VARIETY WILL BE INCLUDED WITHOUT EXTRA CHARGE.

GLADIOLAS

No flowers have grown in popularity the past few years as have gladiolas. Their ease of culture, beautiful shades, and wonderful keeping qualities make them one of the most satisfactory flowers we can have in our gardens. As Cut-Flowers, They Have Absolutely No Superior. The price is within the reach of everybody. It is only when one wants new or rare varieties that it is necessary to pay more than a few cents per bulb. For the information of those who have never grown them, we offer herewith a few

Hints on Growing Gladiolas

Any good garden soil is suitable. For a fertilizer, nothing excels wood ashes for "Glads." Set the bulbs stem-end up, from three to six inches apart and five to six inches deep. Planting may be done any time after the ground dries out in the spring, until July. For a succession of blooms do not plant all the bulbs at one time. In this way owners may be had from July well into

the fall. About 60 days are required from planting to blossoming. For best results give "Glads" frequent and thorough cultivation throughout the growing season to conserve moisture and promote vigorous growth.

In cutting blooms use a sharp knife and leave at least two or three leaves on the plant.

When the leaves turn brown in the fall, lift the bulbs, dry them in the sun, and after removing the old, shrivelled bulb, store in a cool dry place where they cannot freeze.

The following varieties are some of the most beautiful. They will delight the eye and gladden the heart of any flower-lover.—**Please Order Early.**

ANNOUNCEMENT

In the Fall of 1926 we bought the stock of bulbs owned by Mr. Homer F. Chase, of Nashua, a well-known gladiolus specialist. For many years Mr. Chase has been a grower of what he fittingly called the "Better Class" of Gladioli. Mr. Chase's stock of bulbs, combined with our own, and that of a smaller grower which we purchased at the same time, gives us a very good assortment of choice varieties. We hope that you will look the list over carefully and favor us with a good order for bulbs.

Exonian Mixture. A good assortment of beautiful varieties. 50c per doz. 50 bulbs for \$1.00. \$2.00 per 100. (Postage prepaid).

Good-As-Grow Mixture. A very good selection of varieties. Smaller bulbs than Exonian Mixture, but guaranteed to bloom. 100 bulbs for \$1.00. (Postage prepaid).

On all bulb orders amounting to \$1.00 we pay the postage. Otherwise add 5c for each 12 bulbs.

Six bulbs for one-half the dozen-price.

12 small, but floweringsize bulbs, of any variety at one-half the price of full-size bulbs.

LEMON LILIES

Beautiful single yellow variety. 20c per plant. \$2.00 per dozen. (By mail, 25c each, \$2.20 per dozen. One plant free with every order for one dozen, or more Irises). See Pages 22,23-24.

HARDY PERENNIALS

It matters not how small your garden, nor whether you own your own home or not, every flower lover should have some perennials. They are a great source of pleasure, requiring very little work, and yielding an abundance of flowers in great variety of form and color. Buy some of these especially choice varieties and you will be relieved of planting seeds or annual plants each year, and at the same time you may have flowers to admire in the garden and flowers to cut for the house.

If you are not familiar with the varieties and care to have us, we shall be pleased to send you an assortment of some of the best kinds.

SPECIAL GARDEN OFFER

No. 1—For \$1.00 we will send you postpaid enough hardy perennial plants—our selection, labeled as to variety—to make a narrow bed from 6 to 8 ft. long.

No. 2—For \$2.00 we will send enough, labeled as to variety, for a bed 18 in. wide and 8 ft. long, or longer.

These are hardy perennials and do not have to be replaced each year.

Except where otherwise noted we can supply the following list of plants at 20c each, \$2.00 per doz. (By mail,

(Continued on next page)

25c each, \$2.20 per doz.).

Please bring the total of your order to at least \$1.00.

Achillea. The Pearl. 2 ft. Yields double white flowers all summer long, suitable for cutting.

Aconitum. Monkshood. 3 ft. Dark blue flowers in Aug. and Sept.

Alyssum. Basket of Gold. A low, gray-leaved plant, covered with golden flowers in May.

Anchusa. 3-5 ft. Gentian-blue flowers in May.

Anthemis. Hardy Marguerite. 2 ft. Excellent for cut-flowers all summer. Spreads rapidly.

Arabis. Rock Cress. 6 in. Covered with white flowers in April and May.

Bee Balm. (Monarda). 2 ft. Bright scarlet. July-Aug.

Bleeding Heart. 2 ft. Red, heart-shaped flowers in long racemes. May. 50c, 60c by mail.

Columbine. 2 ft. Beautiful and graceful flowers in early Summer. White, blue, and rose.

Coreopsis. 2 ft. An abundance of rich yellow flowers throughout the summer. Very good for cutting.

Corn Flower. 2 ft. Violet-blue flowers from July to Sept.

Daisy, Persian. (Pyrethrum). 2 ft. Very pretty red, pink, and white flowers with fern-like foliage.

Daisy, Shasta. Large with flowers in summer and fall.

Flax, Hardy. 2 ft. May and June. Beautiful blue flowers.

Gaillardia. Blanket Flower. 2 ft. Showy crimson and orange flowers with dark red centers. June to frost.

Golden Glow. 6 ft. Abundance of yellow flowers, July-Sept. 10c. \$1.00 per dozen.

Gypsophilla. Baby's Breath. 2 ft. Abundance of small, white flowers. July-August.

Hollyhock. 5-7 ft. Useful tall-growing plants. White, pink, rose, yellow.

Iris, Bearded. May and June. Blue, white, yellow and purple. See special list, Page 22.

Iris Japanese. See special list on Page 22.

JAPANESE IRISES

Without doubt these are the grandest and most beautiful of all the Iris family. Their season of bloom commences about the middle of June and continues well into August. No garden is complete without some of these wonderful flowers.

We offer the five following very beautiful kinds at 25c each, \$2.50 per dozen of one variety. (By mail, 30c each, \$2.65 per doz.)

Orders filled early spring or, any time after August 1st, until cold weather.

With every order for one dozen, or more, a Lemon Lily plant will be included without extra charge. Page 19.

Description of Varieties

- No. 2. Falls lavender. Stands wine color. 3 petals. Large and fine.
- No. 121. Three large maroon petals with yellow bar. Center wine color. Very double.
- No. 122. Double. Pure white.
- No. 129. Falls, yellow blotch at center, shading into blue. Stands light lavender. Very pretty.
- No. 130. Beautiful vinous purple veined white, orange blotch. Stands white, tipped purple. 3 petals.

BEARDED IRISES

Commonly, though erroneously, called German Iris. These May-flowering, vigorous-growing plants thrive in well-drained sunny spots. See them in bloom and you will know at once why they are increasing in popularity each year. In planting, barely cover the roots, and mulch the first fall to prevent heaving.

25c varieties, 6 of one variety \$1.25. \$2.00 for 12.

35c varieties, 6 of one variety \$1.75. \$3.50 for 12.

50c varieties, 6 of one variety \$2.50. \$5.00 for 12.

By mail, add 5c per plant, or 3c each when 5 or more are ordered, or 25c per doz.

SPECIAL OFFERS BEARDED IRISES

No. 1—One each of the 16 25c varieties for \$3.00. \$3.25 by mail. (Regular price \$4.00).

No. 2—One each of the 7 35c varieties for \$2.25. \$2.40 by mail. (Regular price \$2.45).

- Queen of May.** S. and F. lovely soft rosy-violet, nearly pink. 25c.
- Rhein Nixe.** S., white; F., violet blue with white edge. Tall. Large. 25c.
- Rose Unique.** Bright old rose, almost pink. Very beautiful. 35c.

(Continued on next page)

Sherwin Wright. Golden yellow. Free-flowering vigorous grower. 25c.

Souvenir de Madame Gaudichau. Very rich velvety purple. One of the very best. Tall and of wonderful character. \$1.50.

White Knight. Almost pure white. 35c.

White Queen. Snow white, a profuse and long-bloomer. \$1.00.

Dwarf Iris—Grows 6-12 in. high and blossoms in early May. 25c. \$2.50 per doz.

Yellow Flag. Blooms in June and is suitable for planting in wet places. 25c. \$2.50 per doz.

SIBERIAN IRISES.

In addition to the foregoing we can furnish ten separate and distinct varieties of Siberians—White, Violet, Blue, Yellow, etc. We shall be glad to describe these further upon request, or will furnish one plant each of ten different colors for the special price of \$2.00. Single plants 25c. The flowers of these are especially good for cutting.
